TSI	GTX Fairway Café Drop In Required For MDX or GTX Models: Toro Electric Lift Kit (With Proper Actuator Length) and Plastic Shim Clutch Limiter This drop in is a friction fit cooler. It just slips straight in the Terrain poly box and the exterior wraps around the Toro poly box. Just slip it right into the Toro GTX poly box, and with dual clasps on opposing corners to hold in place, it is ready to fill with product and ice and you are good to go. When finished, tilt the box up and the single drain in the rear allows the water to drain away. No optional features available.	\$4,357.00
TG3WG	GTX Fairway Café Long Roof (3 Door) Required For MDX or GTX Models: Toro Electric Lift Kit (With Proper Actuator Length) and Plastic Shim Clutch Limiter 3 door dry goods all locking. Want access to both sides of the dry goods? Just order the 6 door dry goods option. Coffee/ Liquor option available for rear section of the dry goods. 2 cup dispensers. Bottle opener. Cold area confectionery drawer locking. 4 cold storage access doors all locking. Built in garbage. No modification needed to original chasis. Dry weight of 293 lbs. (This model was previously the #TG3N without the built in garbage option).	\$10,143.00
TG6WG	GTX Fairway Café Long Roof (6 Door) Required For MDX or GTX Models: Toro Electric Lift Kit (With Proper Actuator Length) and Plastic Shim Clutch Limiter Liquor option available for rear section of the dry goods. 2 cup dispensers.
